### **INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and City Commission City of Neodesha, Kansas

### Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Neodesha, Kansas, as of and for the year ended December 31, 2023 and the related notes to the financial statement.

### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Neodesha, Kansas as of December 31, 2023, or changes in financial position and cash flows thereof for the year then ended.

### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of Neodesha, Kansas as of December 31, 2023, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

### Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

### Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the City of Neodesha, Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error. In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, the schedule of receipts and expenditures – actual and budget – regulatory basis, for each individual fund, and the schedule of receipts and disbursements – agency funds-regulatory basis (Schedules 1, 2, and 3 as listed in the table of contents) are presented for purpose of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting accounting and other records used to prepare the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement itself,

and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the City of Neodesha, Kansas as of and for the year ended December 31, 2022 (not presented herein), and have issued our report thereon dated May 16, 2023, which contained an unmodified opinion on the basic financial statement. The 2022 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/accounts-reports/localgovernment/municipal-services. The 2022 actual column (2022 comparative information) presented in the individual fund schedules of regulatory basis receipts and expendituresactual and budget for the year ended December 31, 2023 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2022 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 basic financial statement. The 2022 comparative information was subjected to the auditing procedures applied in the audit of the 2022 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 basic financial statement or to the 2022 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2022 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2022, on the basis of accounting described in Note 1.

The notes to the financial statement are an integral part of this statement.

Notes to Financial Statement For the Year Ended December 31, 2023

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement and schedules of the City of Neodesha, Kansas, have been prepared in order to show compliance with the cash basis and budget laws of the State of Kansas. The Governmental Accounting Standards Board is the principal standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies follow. Note 1 describes how the City's accounting policies differ from accounting principles generally accepted in the United States of America.

### Financial Reporting Entity

The City of Neodesha, Kansas, is a municipal corporation governed by an elected threemember commission. This financial statement presents the City of Neodesha.

*Related Municipal Entities*: A related municipal entity is determined by the following criteria. Whether the City exercises oversight responsibility on financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters, scope of the public service, and significant operational or financial relationships with the City. Related municipal entities are not required to be included in the City's audit by the Kansas Municipal Audit and Accounting Guide (KMAAG). Based upon the application of this criterion, the following is a brief review of potential related municipal entities:

### Neodesha Public Library

The City of Neodesha Library Board operates the City's public library. Acquisition or disposition of real property or bond issuances must be approved by the City. Separate financial statements are not prepared.

### The Housing Authority of the City of Neodesha, Kansas

The Housing Authority of the City of Neodesha, Kansas operates the City's housing projects with a March 31<sup>st</sup> year end. The Housing Authority can sue and be sued, and can buy, sell, or lease real property. Bond ordinances must be approved by the City. The Housing Authority's financial statements should be included with the City's financial statements. However, the statements are omitted in an apparent departure from generally accepted accounting principles. A copy of the financial statements can be obtained from the Housing Authority.

### 1. **<u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>** (Continued)

### Regulatory Basis Fund Types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The following types of funds comprise the financial activities of the City of Neodesha, Kansas, for the year of 2023:

General fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Capital Project fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Bond and Interest fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Business fund – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.).

Agency fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

### Basis of Presentation - Regulatory Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

### Pension Plan

Substantially all full-time City employees are members of the State of Kansas Public Employees Retirement System, of which is a multi-employer state-wide pension plan. The City's policy is to fund all pension costs accrued. Such costs to be funded are actuarially determined annually by the State of Kansas.

### 1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

### Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a receipt source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for the receipt recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property.

### Reimbursed Expenses

K.S.A. 79-2934 provides that reimbursed expenditures, in excess of those budgeted, should be recorded as reductions in expenditures rather than as receipts. In the financial statement and budget comparison schedules presented in this report, reimbursements and refunds are recorded as receipts. The reimbursements are recorded as cash receipts when received by the City Treasurer and are often difficult to identify the exact expenditure which they are reimbursing. In funds showing expenditures in excess of the original adopted budget, reimbursements are added to the adopted budget as budget credits for comparison with the actual expenditures.

### **Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The City did not hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. During the year ended December 31, 2023 the City amended the Electric Utility Fund and the Solid Waste Utility Fund.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

### 1. **<u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>** (Continued)

### **Budgetary Information** (Continued)

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, trust funds, and the following special purpose funds:

- Employee Benefits Fund
- Equipment Reserve Fund
- American Rescue Plan Act Grant Fund
- Other Grants Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

### 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

### Compliance with Kansas Statutes

Statement 1 and Schedule 1 have been prepared in order to show compliance with the cash basis and budget laws of Kansas. As shown in Statement 1 and Schedule 1, the City was in compliance with Kansas cash basis and budget laws.

### 3. <u>DEPOSITS AND INVESTMENTS</u>

K.S.A 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main branch or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices. The rating of the City's investments is noted above.

*Custodial credit risk – deposits.* Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at December 31, 2023.

### 3. **<u>DEPOSITS AND INVESTMENTS</u>** (Continued)

*Deposits:* At year-end, the City's carrying amount of deposits was \$6,186,984.57 and the bank balance was \$6,472,746.04. The bank balance was held by three banks resulting in a concentration of credit risk. Of the bank balance, \$802,320.42 was covered by FDIC insurance, \$4,170,425.62 was collateralized with securities held by the pledging financial institutions' agents in the City's name, and \$1,500,000.00 were covered by a letter of credit.

### 4. <u>RIGHT TO USE CONTRACTS</u>

The City has entered into several contracts for various equipment. Rent expense for the year ended December 31, 2023, was \$11,554.24. Under the current agreements, the future minimum payments are as follows:

\$ 11,577.52
11,577.52
11,577.52
3,077.52
1,538.76
\$

### 5. FINANCE LEASES

The City has entered into a finance lease agreement dated August 5, 2021 to finance the purchase of two 2020 ambulances at a cost of \$530,146.00. The City agreed to make annual payments of interest and annual payments of principal, including imputed interest at 2.49%. Final maturity of the lease is August 5, 2028. Future minimum lease payments are as follows:

Year Ended December 31,	Totals
2024	\$ 81,398.95
2025	81,398.95
2026	81,398.95
2027	81,398.95
2028	81,398.97
Total Net Minimum Lease Payments	406,994.77
Less: Imputed Interest	(21,504.08)
Net Present Value	385,490.69
Less: Current Maturities	(74,305.28)
Long-Term Finance Lease Obligations	<u>\$ 311,185.41</u>

### 6. LONG-TERM DEBT

Changes in long-term debt for the City for the year ended December 31, 2023, were as follows

			Original	Date of	Balance	:			Balance	
	Interest	Date of	Amount	Final	Beginnin	g	Additions	Reductions/	End of	Interest
Issue	Rates	Issue	of Issue	Maturity	of Year			Payments	Year	Paid

### 7. INDUSTRIAL REVENUE BONDS

The City has entered into various agreements to induce businesses to locate or expand operations in Neodesha, Kansas. In connection therewith, the City has issued industrial revenue bonds (IRB's) which require the businesses to make lease payments to trust accounts sufficient to pay debt service on the IRB's. The City is under no obligation to pay the IRB debt, which is to be paid from the lease payments made by the related businesses. At December 31, 2023, there were two industrial revenue bond issues with principal balances due totaling \$3,600,000.00

### 8. <u>DEFINED BENEFIT PENSION PLAN</u>

### General Information about the Pension Plan

*Plan description.* The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at <u>www.kpers.org</u> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

*Contributions.* K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2017. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.43% for the fiscal year ended December 31, 2023. Contributions to the pension plan from the City were \$274,731.73 for the year ended December 31, 2023.

### Net Pension Liability

At December 31, 2023, the City's proportionate share of the collective net pension liability reported by KPERS was \$2,609,689.00. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022, which was rolled forward to June 30, 2023. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and nonemployer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

### 9. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

### Death and Disability Other Post-Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2023.

### Compensated Absences:

Regular full-time employees earn and accumulate vacation leave as follows:

Years of Continuous Service	Hours Per Pay Period	Hours Per Year (Maximum)
1 to 10 Years of Service	3.7	96
21 to 15 Years of Service	4.6	6.15
16 to 20 Years of Service	6.15	160
21 to 25 Years of Service	7.69	200
26 + Years of Service	9.23	240

An employee may accrue up to a maximum of 240 hours. After that they will not accrue any more hours until they have used some of their balances.

Regular part-time employees working at least twenty hours a week shall accrue vacation at the rate of one-half the accrual rate of regular full-time employees. Non-regular part-time employees, seasonal employees and temporary employees shall not earn vacation leave.

Regular full-time employees and regular part-time employees working at least twenty (20) hours or more a week, earn and accumulate sick leave from the beginning of employment at the rate of 3.7 hours for regular full-time and 1.85 for regular part-time. Sick leave may be accumulated to a maximum 720 hours. Any unused sick leave at date of termination is lost except as provided in the case of an employees retiring under the Kansas Public Employees Retirement System (KPERS). KPERS retirees will be paid for on-half (1/2) of all unused sick leave not to exceed the accumulated maximum of 720 hours.

The City accrues a liability for compensated absences which meet the following criteria:

- 1. The City's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
- 2. The obligation relates to rights that vest or accumulate.
- 3. Payment of the compensation is probable.
- 4. The amount can be reasonably estimated and, is material.

In accordance with the above criteria, the City has estimated a liability for annual leave which has been earned, but not taken, by City employees. The estimated liability for accrued annual leave at December 31, 2023, was \$139,985.95. The City has not estimated a liability for sick leave earned, but not taken, by City employees, as the amounts cannot be reasonably estimated.

### Other Post Employment Benefits:

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charged the level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

### 9. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS (Continued)

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the Federal government for this coverage. The Premium is paid in full by the insured. There is no cost the City under this program.

### 10. CAPITAL PROJECTS

The following is a summary of capital project authorizations and expenditures to date:

		EXPENDED	ESTIMATED
PROJECT NAME	AUTHORIZED	<u>THRU 12/31/23</u>	<b>COMPLETION</b>
Raw Water Treatment Plant	\$11,044,000.00	\$ 9,165,610.52	2024

### 11. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The City manages these risks of loss through the purchase of various insurance policies.

### 12. INTERFUND TRANSFERS

Operating transfers were as follows:

			<b>a</b> ,
From Fund:	To Fund:	Statutory Authority	Amount
General	Employee Benefits	K.S.A. 12-16,102	\$ 5,000.00
Gas Utility	Employee Benefits	K.S.A. 12-16,102	3,000.00

	Utility Reserve	K.S.A. 12-825d	15,000.00
Storm Water Utility	Storm Water		
-	Utility Reserve	K.S.A. 12-825d	20,000.00

### 13. SUBSEQUENT EVENTS

The City evaluated events and transactions occurring subsequent year end, and there were no subsequent events requiring recognition in the financial statement. However, the City approved to issue a finance lease up to \$88,072.36 for 6 years at an interest rate of 6.97% to purchase a 2024 custom pumper fire truck.
